We understand responding quickly to enquiries and meeting the needs of our customers is important to customer service. We therefore provide the following guidelines to our response times which we will work to exceed:

- We will strive to provide you with an outcome within this same 24 hours; however, complex enquiries may take two business days to resolve.

- Personal social media messages will be responded to within 2 business days of receipt.
- If we require more than two business days due to the complexity of the request, we will advise you.
- We will ensure that timelines put in place to resolve more complex enquiries do not exceed five business days.
- Ownership of the enquiry will remain with the person you initially contact until the enquiry is resolved.
- If we are not able to completely resolve your enquiry within the above timeframes, we will keep you updated on the progress until the matter is resolved.

To further emphasise the importance we place on great customer service, we also provide a commitment to undertake the following:

- We will check what your expectations are of an acceptable turnaround time and outcome.
- We will check your preferred method of communication.
- We will check that we have your current, correct and appropriate contact details.
- If we are required to refer your enquiry through to someone else, we will include you in the referral email so that you have the contact details of the person that it has been referred to.
- Team members "Out of Office Assistant" will be turned on for planned leave that outlines the duration of this leave and an alternate number to call for urgent enquiries.
- We will have incoming emails directed to our generic email addresses (i.e. accounts, payroll, AR, etc.) to ensure that the emails will be actioned irrespective of individual absences.
